EAMC
MANAGED. SECURED. ASSURED.

CORPORATE OVERVIEW:

EAMC is a full-service IT cyber security consulting firm supporting government organizations across the United States with extensive experience in CLOUD Adoption, IT Governance, Risk and Compliance (GRC) management. EAMC specializes in secure migration and consolidating diverse technologies at a competitive cost while creating a seamless experience for the organization. Our goal is to contribute to the security, sustainability, and confidence of our country by letting government entities focus on the IT governance of their business while EAMC effectively manages their on-premises data center(s), and CLOUD solutions.
